Concerning Applicant 10/773,426 to U.S. PATENT & TRADEMARK OFFICE

I inventor Vonnie Hill recently sent in the wrong art drawings copy of my invention 'Twinus De La Beddas' (meaning twins of the bed) by accident, with the figures in the drawings out of sequence. Please forgive my mistake. I am now sending you the correct (copy) art draftsmanship of my original drawings. I called and spoke to an examiner (assistant) of the U.S. Patent Office and he said this process would be alright for me to do. Thank you for the permittance.

Sincerely,

Vonnie Hill
